<b>Total</b>			<b>17</b>		<b>30</b>			

\* credit hours, ECTS credit points, type of course, language of instruction and examination dependent on individually selected module \*\* Exact time and scope will be determined by professor or lecturer at the beginning of each semester

## 2. Notes

## 2.1 Compulsory elective modules

The subject-specific compulsory elective modules have to be selected to the extent of 8 ECTS credit points from the compulsory and compulsory elective modules of all „consecutive“ master programmes of Munich University of Applied Sciences. In consultation with the student, the project supervising professor, as well as the module administrators of the respective modules the selection is to be made between the end of February until the last week of March. For this purpose the student is required to compile a list of his/her at least 3 prioritized compulsory elective modules that have to be finalized in the above mentioned time period.

## 2.2 Registration dates and procedure for master thesis

Students can register for the master thesis throughout the year and only after acquisition of minimum 45 ECTS credit points.

The specific registration procedure is outlined in the information sheet for the master thesis and Master seminar.

In order to register for the master thesis, the registration form must be filled out completely and signed by the thesis director and then provided to the chairman of the examinations board. The master thesis will be graded by the thesis advisor who is also a professor or lecturer in the master programme Entrepreneurship and Digital Transformation.

## 2.3 Other regulations

Please note the study and examination regulations for the master programme Entrepreneurship and Digital Transformation as well as the general study and examination regulations (ASPO) of Munich University of Applied Sciences as amended.
