Courses in English
Course Description

Department 05 Building Services Engineering, Paper and Packaging Technology and Print and Media Technology

Course title Abastecimiento Energetico I ( = energy supply in field of building services engineering)

Hours per week (SWS) 2 + Presentation by the participants

Number of ECTS credits 4

Course objective knowledge of basic energy problems, applications and consequences

Prerequisites basic knowledge in thermodynamics and mechanical engineering

Recommended reading materials given by the lecturer

Teaching methods presentation, blackboard: written explanations comparing in different languages

Assessment methods interactive

Language of instruction Spanisch, German correspondings, English to complete

Name of lecturer Prof. Dr.-Ing. Hartmut Pietsch
