CALL FOR APPLICATIONS: STIPENDS FOR VIRTUAL INTERNSHIPS AT HM HOCHSCHULE MÜNCHEN UNIVERSITY OF APPLIED SCIENCES

As part of the DAAD funded GlobalXChanges/Challenges project, HM Hochschule München University of Applied Sciences (HM) is awarding **three stipends** to students of the California Polytechnic State University (Cal Poly) to take part in a **1-month long virtual international internship** at the Digital Transformation Lab (DTLab) of HM. For details of the positions, please refer to the attached description.

**THE STIPEND & DURATION**

- Duration: 1 month full-time; in the period from June to July 2021; earlier start dates could be accommodated
- Stipend: 750€ as monthly allowance (One-time payment)

**YOUR PROFILE**

- Enrolled at California Polytechnic State University as full-time student
- Meeting the relevant requirements mentioned in the DxHub internship description
- Good academic standing
- Interested in intercultural exchange and remote international work experience

**APPLICATION DOCUMENTS & PROCESS**

Please note that this is a two-step application process. Interested Cal Poly students begin applying for this program by submitting an application in Cal Poly’s abroad.calpoly.edu system to start the internal Cal Poly screening process.

Step two of the process will be applying directly to HM with the following documents:

- Completed and signed application form
- Current CV/resume
- Current transcript of record from Cal Poly – an unofficial transcript from your student portal (PolyProfile) will be sufficient

Please send the above-mentioned application documents as pdf files via e-mail to Andrea Schramm, Project Coordinator GlobalXChanges/Challenges, andrea.schramm@hm.edu.

**Application deadline is April 30, 2021.**
Work experience opportunity: Digital Transformation Lab

1 month full-time internship; 3 positions available

Start dates: June-July 2021; earlier start dates could be accommodated

Location: Virtual

Are you passionate about digitalization and state-of-the art cloud technology? Would you like to help the public sector in Germany catch up? Do you have experience working with AWS and/or languages like Java, C#/Net or Python? Are you solution-oriented and a team-driven personality who can contribute to multiple projects at various points of development?

HM’s Digital Transformation Lab (DTLab) organizes challenges and student projects as part of regular courses at HM Hochschule München University of Applied Sciences. Under their professors’ supervision, students work on challenges in the area of digitalization that directly affect our partners in the public sector. The DTLab is supported by Amazon Web Services (AWS). We have run more than 20 challenges so far – see www.hm.edu/dt-lab for details.

What will you do?

- Support efforts to develop prototypes for digital transformation challenges in the public sector
- Work directly with student teams and faculty, as well as experts from AWS.

What do we offer?

- Working in a dynamic and impact-driven team with experienced staff and a broad spectrum of client organizations
- Intense insights into the world of digital transformation and exposure to cloud computing
- Access to free trainings and materials
- A €750 stipend funded by the German Academic Exchange Service (DAAD)

About the DTLab

The Digital Transformation Lab (DTLab) at HM Hochschule Munich University of Applied Sciences is dedicated to the major social challenges of our time. Together with public sector institutions, students develop future-oriented solutions. Amazon Web Services supports them with state-of-the-art cloud technology and the innovation methodology Working Backwards. We bring Digital Transformation to Life.
