1. Entry requirements

1.1 What are the requirements?

- A Bachelor in Business Administration studies or studies with an equivalent content
- Final grade “good” or better is required, German grade: 2,5 or better)
- At least 180 ECTS credits out of a minimum of six theoretical semesters of a bachelor’s degree or diploma program is required.
  Please note: If you have obtained less than 210 ECTS but a minimum of 180 ECTS you will have to obtain the missing ECTS during your master studies prior to the third semester by doing a 20-week full-time internship.
- Evidence of a minimum of 20 ECTS credits of study modules in Economics and / or Mathematics and/or Statistics from the above mentioned Bachelor Degree (cannot be obtained later)
- A detailed CV
- If you have a foreign Bachelor Degree: a VPD (Vorprüfungsdokumentation) from uni-assist

You do not need to prove your level of English with a standardized test, but a good level is needed to follow the lectures. German language skills are not necessary for the Digital Technology Management specialization.

1.2 Do I need to prove my English language skills?

No, you do not have to prove them, but you need to have B2 level of English in order to follow lectures, write exams or hold presentations.
1.3 How do you treat the second decimal of the final Bachelor's grade if I have a grade between 2.51 and 2.59?

The grades 2.51 to 2.59 will be treated as the grade 2.5.

1.4 How can I convert course credits which do not comply with the ECTS system?

In general, 1 ECTS credit point equals 30 working hours. If your Bachelor's degree was awarded on the basis of a different credit system, please provide us with the general conversion formula of your former university at the time of your application.

1.5 Is there a possibility to bypass the required final grade of the Bachelor's degree of 2.5 or better?

Unfortunately, there is no possibility to avoid this regulation. Your Bachelor’s certificate (or transcript of records) needs to demonstrate at least a grade of 2.5 or better (according to the German grade system).

1.6 I did not obtain 20 ECTS in Economics and / or Mathematics and/or Statistics during my Bachelor Degree Program. Is there any possibility to obtain them later?

Unfortunately you have to possess these 20 ECTS at the time of your application. They have to be part of your Bachelor Program, i.e. cannot be additional courses from other universities etc.

1.7 I will get my Bachelor’s certificate after May.

If you have not finished your Bachelor’s degree, but will do so before Mid-October in the year in which you will start your Masters Programme, you still have the opportunity to apply. In this case you would hand in a transcript of records from your current university at uni-assist (if you are in a non-German Bachelor Programme) or send it online to MUAS (if you are attending a German Bachelor Programme). You will not receive a VPD from uni-assist, but we will be informed by uni-assist.

1.8 My final grade is 1,3 (German Grade) in my bachelor diploma.

If you fulfill all other requirements (including the English test) you do not have to participate in the aptitude test, but will be admitted to the programme directly.
